Old Business:

- Cloud Library Fee Schedules: The committee reviewed member comments about proposed revisions to the eResource fee schedule. It was clear that the members do not want to continue with the existing fee schedule. The comments indicated that 15 libraries would prefer option 1, while 10 libraries would prefer option 2. Since it was such a close split, the committee discussed the pros and cons of each option. For option 1, members stated it would be easier to budget each year and it is an industry standard. For option 2, members felt it was more equitable, since it is based on revenue and not population. Option 2 had more large increases (7 libraries with 30% or more increase) versus option 1 (5 libraries with 30% or more increase). Overall, option 1 had more total increases (16 libraries with 20% or more increase versus option 2 with 11 libraries with 20% or more increase). The committee saw the value in both options, to recommend option 1 for review to the finance committee. They agreed that the committee would need to review any revised scale annually. Ryan made a motion to recommend option 1 to the SHARE Finance and Policy Committee, based on the edge in member comments and the
fewer large increases of 30% or more. Lauren seconded the recommendation, and the motion passed.
