Metrologic Scanner Configuration for Hayner Library Patron Barcodes (2013)

Enter/Exit Configuration Mode

3 Fast Beeps

~ Character to Replace

1 Beep

Code Byte 0

1 Beep

Code Byte 3

2 Beeps

Code Byte 2

3 Beeps

~ Replacement Character

1 Beep

No Replacement

1 Beep

Enter/Exit Configuration Mode

3 Slow Beeps

If you mess up, just start at the top of the document and try again. The beginning should always start with 3 fast beeps. If the scanner "growls" at you, then you aren't in configuration mode and will need to start at the top again.
